

# ATMECS, Inc. Awarded Google Services Partner Distinction

By **AIT News Desk** — On **Nov 10, 2021**

CLOUD NEWS

**ATMECS**, a global leader in providing innovative and effective technology solutions, has been recognized as a Google Cloud Services Partner within the Google Partner Advantage Program. This advanced Google Partner Level is achieved by satisfying key requirements that are structured to ensure that partners are well equipped to meet customer needs and are designed to address technical, cloud, solution capabilities, industry awareness, along with marketing, and sales proficiencies.

Commenting on this achievement, **Ravi Velagapudi**, President & Chief Executive Officer, said, "This recognition by Google is based upon years of outstanding work by the entire ATMECS organization, and demonstrates our commitment and passion to our clients to provide the best solutions available. As our clients continue to look to Google for key cloud-based technology advances and business solutions we stand ready to lead this important adoption and evolution."

ATMECS globally partners with Fortune 500 organizations, mid-size business, and innovative startups by delivering digital transformation, cloud migration and operations, rapid application development, trusted security, advanced analytics, and customer engagement solutions.
